Title and description of your challenge goes here.

Ping Pong Cup Challenge: I have to design an invention that can toss/throw/flip/get a ping pong ball into a cup. My invention has to be behind the line and must use a binder clip.

Brainstorm ideas: (don't edit out any idea yet)

- Catapult
- Slingshot
- Your idea here
- Your other idea here
- And more ideas here
- And here

Pick two of your ideas and flush them out below:
