3. Click on the “Pearson” icon

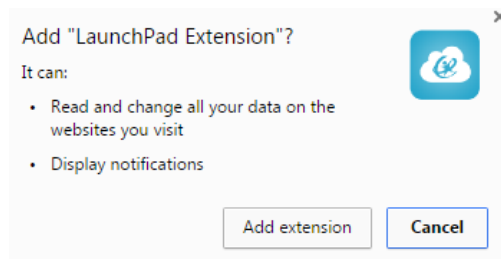

- a. **NOTE:** The first time you sign into this link, the computer MAY ask to install a plug-in. Click “Install Extension”

- b. Click “ADD TO CHROME”

- c. Click “Add Extension”

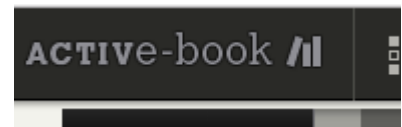

- d. Exit out of the two browsers that came up, and return to direction #3 of this list: “Click the Pearson icon”

4. Click on the word DASH on the **right** side of the page.

5. Click on “Active-Book” in upper left corner to locate the specific book you want

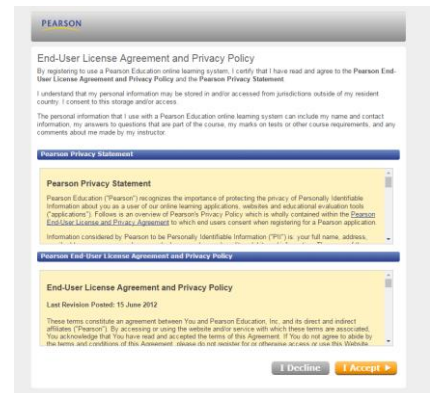

Steps for Accessing MathXL (online math practice)

1. See Steps #1 – 3 for accessing DASH. These are the same first steps to access MathXL.

2. Once you get to the Pearson page, click on the “MathXL for School (for all courses)” link on the left side of the page.

MathXL for School (for all courses) 
*Connected Mathematics 3 (Grades 6-8)

a. NOTE: The first time you log in, a user agreement will need to be accepted to move on:

b. If you receive a generic error message, log out and log back in. This should resolve the error.

c. If you receive an error message like this: it means your teacher has not signed into their account. You will need to contact your teacher before you can move on.

An Error Has Occurred

We are sorry, requested course materials have not yet been created. You cannot access this portion of your course until your instructor has logged in at least one time. Please try again later or contact your instructor.

3. Once you are in MathXL, click on View All Assignments OR click Study Plan to begin your math practice.
